COMMUNITY SERVICE – MEDICAL INITIATIVES

## Medical camp at Paiyanoor Village

Last week saw a couple of medical camps, successfully run by our Rotarians and well-led by the committees to benefit the community at large...

The Rotary Club of Madras in association with Vinayaka Mission Research Foundation, organised a medical camp on 24th September 2018 at the sprawling campus of Arupadai Veedu Institute of Technology

campus right from the morning. The camp saw a registration of more than 200 people.

The Aarupadai Veedu Medical College of Pondicherry, an affiliate of Vinayaka Mission had sent across a team of

commendable job of organising the camp in a professional manner. They helped in documenting the beneficiaries' list. The event on the whole turned out to be one more success story for the RCM.

situated at Paiyanoor village in OMR.

The medical camp aimed at providing basic medical care and suggesting corrective medical procedures wherever it was required to the residents of the surroundings areas and drew a good response. People living in and around the college campus and drawn from various villages like

Paiyanoor, Siruthaavoor, Alathoor, Karunkuzhipallam to name a few, assembled at the

doctors well-trained in various disciplines like General Medicine, Dental and Paediatrics to the camp. They carried out the process in a polite and professional manner. Our Rotarians Dr. Arul Mozhi Varman's Uma Eye Clinic and Shanno Ravi's KKR hospital chipped in with their team of experts, taking care of Eye and ENT disciplines.

The staff and students of AVIT who enthusiastically became the volunteers, did a

*To put the event in terms of statistics, here goes the breakup:*

- Total Beneficiaries: 207 (Covered with a full check-up)
- People who had their eyes tested: 84
- Cataract affected patients - 9 (Referred to visit hospital for further checks and surgery)
- Corrective Glasses prescribed - 15 persons
- No of people referred to visit hospital - 40
