**VERTICAL & HORIZONTAL TEACHING PROGRAMME ON  
HYPERTHYROIDISM**

The Departments of General Surgery, Medicine, Obstetrics and Gynaecology and Anaesthesia conducted Vertical and Horizontal Teaching Programme on HYPERTHYROIDISM for the Post graduates and Undergraduates on the 9<sup>th</sup> of September 2016.

The Program was coordinated by the Dean Dr. P. Anusuya & the HOD, Dept of General Surgery Dr. B. Kanchana. Dr Anusuya emphasized the importance of Hyperthyroidism in terms of learning and understanding. She also explained the role of such programmes in heightening the level of medical education imparted.

The Postgraduates of the various departments presented each aspect of hyperthyroidism and was moderated by the Heads of the respective departments. The faculties from various disciplines took active role in discussion.

Dr. B. Kanchana, the HOD General surgery then thanked the faculty and staff on the importance of this event with regard to higher learning. *curve*
