

WORKSHOP on RESEARCH METHODOLOGY-2018

**Organised by
Department of Community Medicine**

**Venue: Medical Education Unit
06.09.2018 to 08.09.2018**

Department of Community Medicine organised the research methodology workshop for the first year MD/MS post graduate students, which was Co-ordinated by Dr.J. Arun Daniel, Assistant Professor of Community Medicine (Coordinator-Research Methodology Workshop) at Medical Education Unit, AVMC&H, Puducherry from 06.09.2018 to 08.09.2018.

A total of 26 first year MD/MS postgraduates of various departments of Aarupadai Veedu Medical College & Hospital, Puducherry participated in the workshop. Dr. Arunachalam ,HOD, Community Medicine delivered the welcome address and our beloved Medical superintendent Dr. Chellapillai delivered the Presidential address. At the workshop, various topics related to research starting from how to select a research topic to biostatistics were discussed in detail by the resource persons. Dr Ananadraj, Assistant Professor, IGMC and Dr. Harichandrakumar, Biostatistician, Jipmer were the external speakers. Each session was followed by Hand-on-training. All the postgraduates actively participated in the workshop. Dr.Vijaya, PG-Dean and Dr Shrikanthan, HOD, Forensic medicine were the chief guests for the valedictory function and distributed certificates to the participants and resource persons.

Dr.T.Prasad, Assistant Professor of Community Medicine thanked the Management, Dean, MS, all faculties, resource persons and supporting staffs for making the workshop a successful one.

The workshop was registered with Tamilnadu Medical council for CME credit points.
